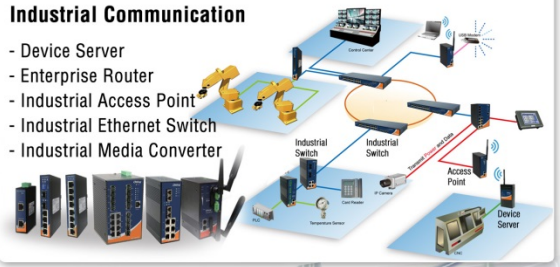
Smart Factory Solutions

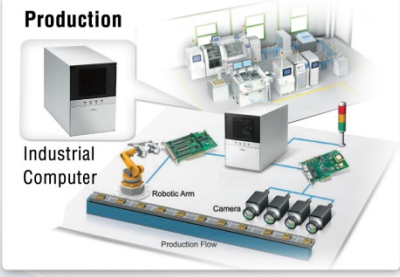
Overview

Industrial Communication

- Device Server
- Enterprise Router
- Industrial Access Point
- Industrial Ethernet Switch
- Industrial Media Converter

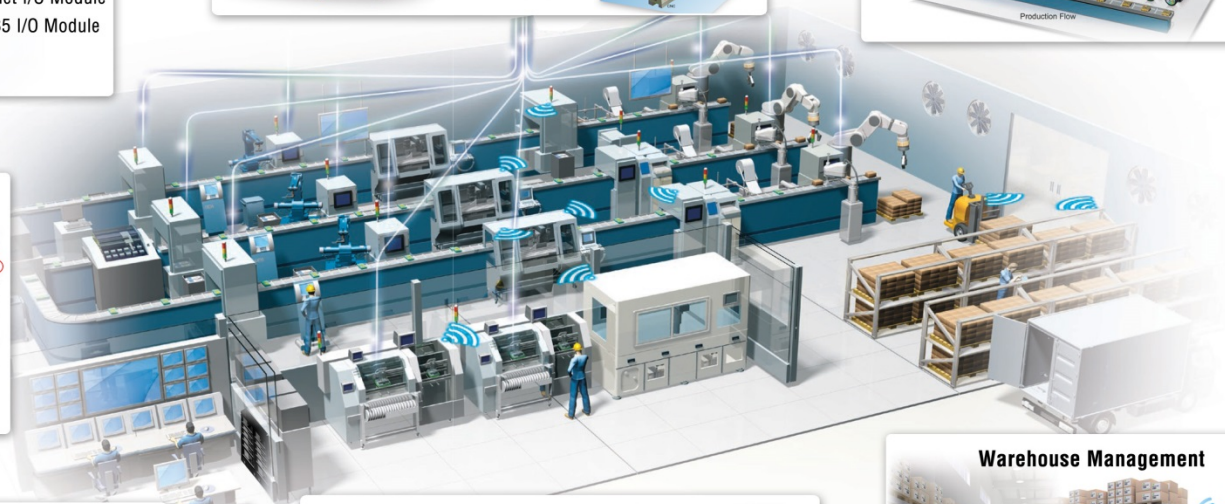


Production



Remote I/O Connectivity

- Wireless I/O Module
- Ethernet I/O Module
- RS-485 I/O Module



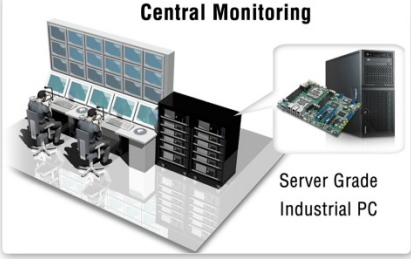
Production / Assembly

Industrial HF
RFID Tags & Reader

Warehouse Management

Industrial Tablet PC & PDA
with Barcode / RFID reader

Central Monitoring



Server Grade
Industrial PC

HMI

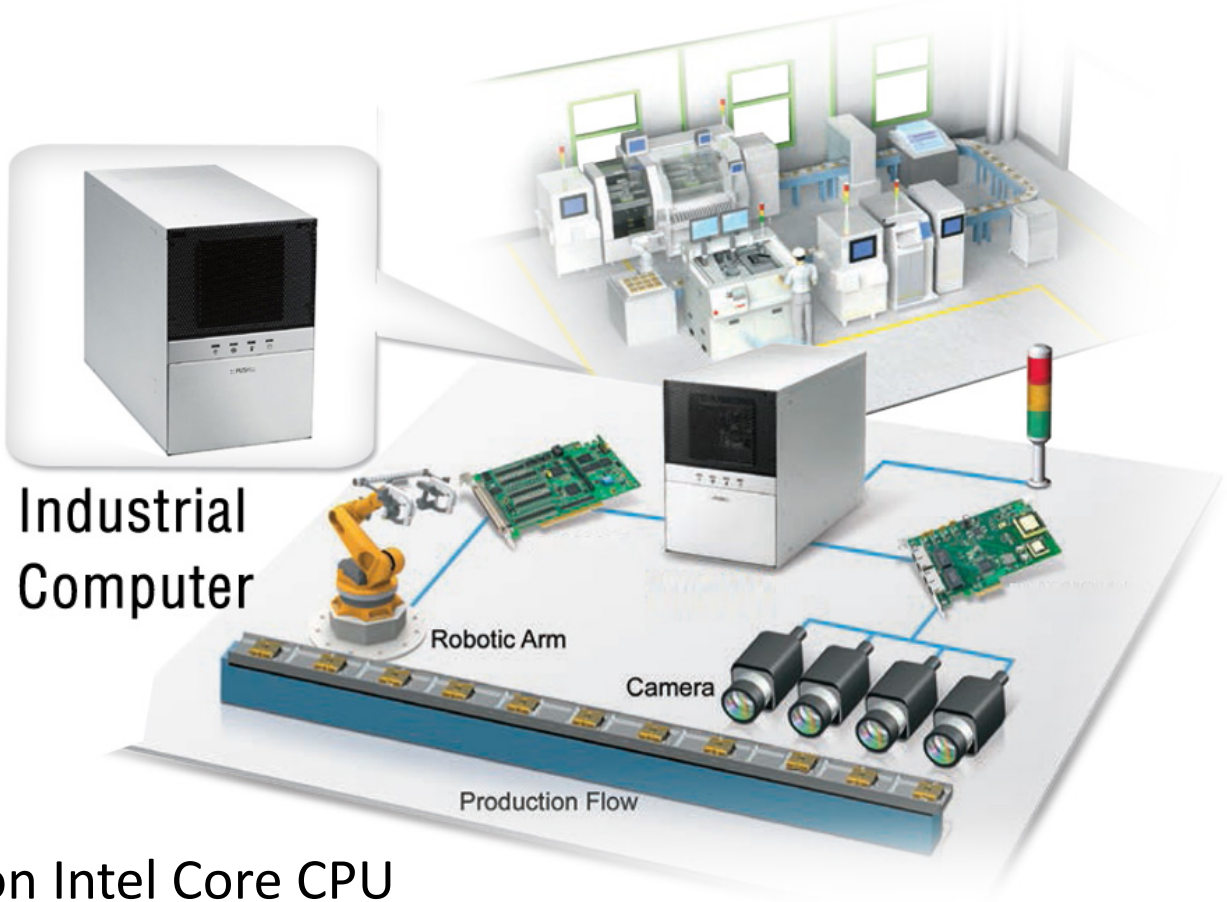
Industrial Panel PC

Industrial Switch

Industrial Panel PC

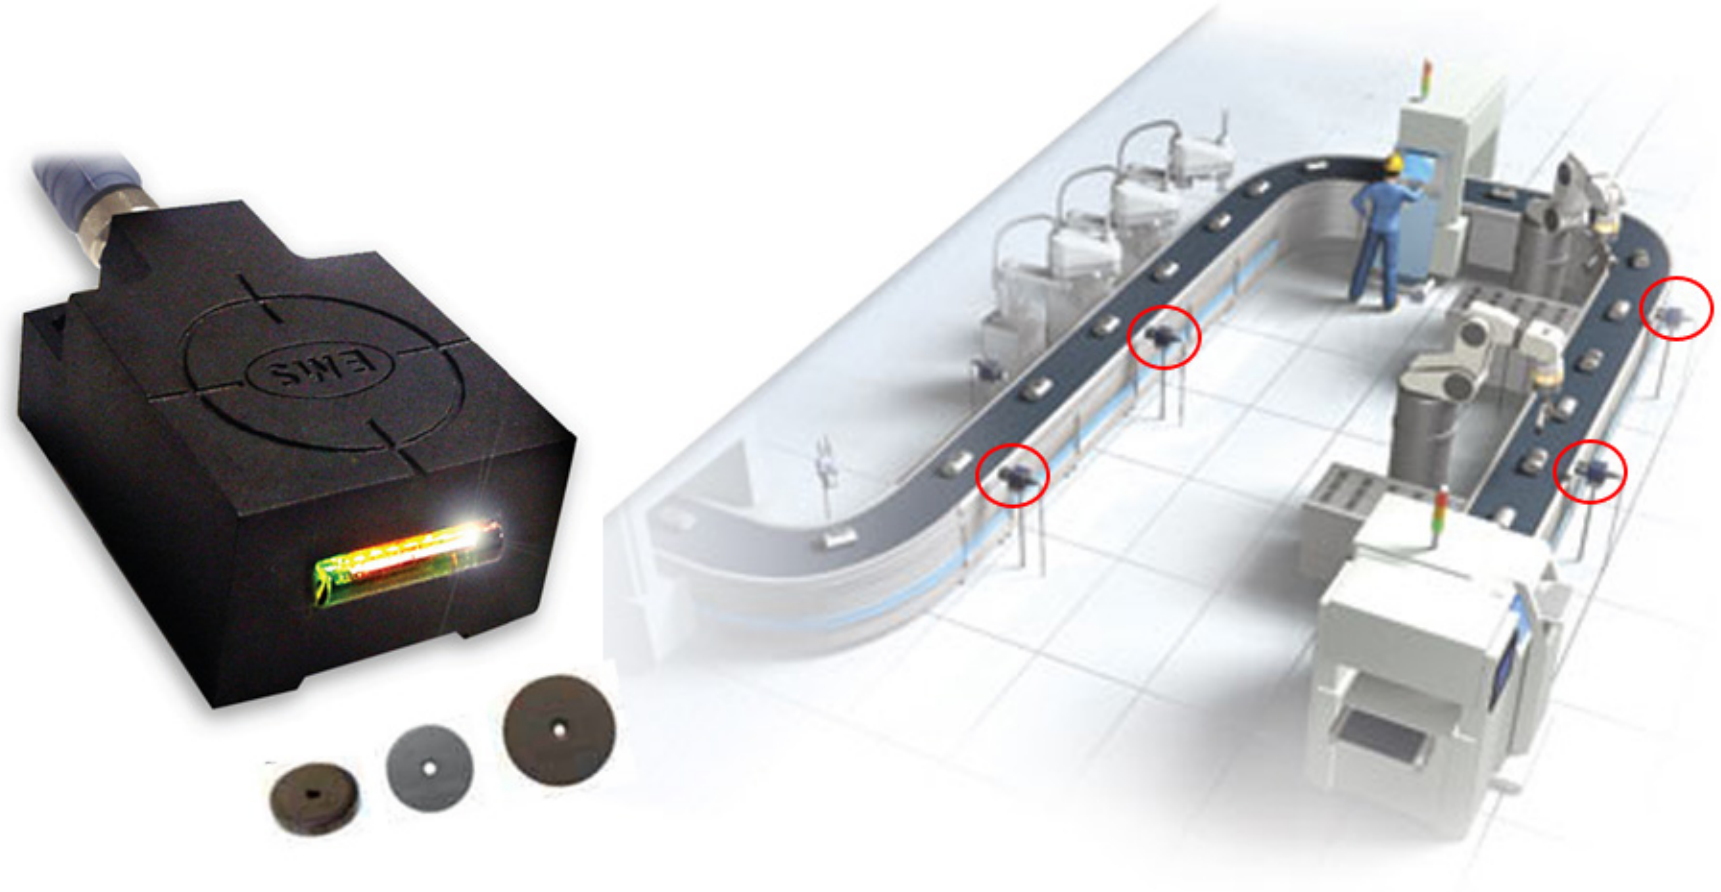
- Size: 6.5” ~ 21.5” IP64/65/67 industrial panel PC
- Powerful Intel Atom/ Core i processor
- Provides expansion slots for add-on cards

Industrial Computer



- 4th generation Intel Core CPU
- Great flexibility of expansion slots
- Compact & Rich I/O Configuration

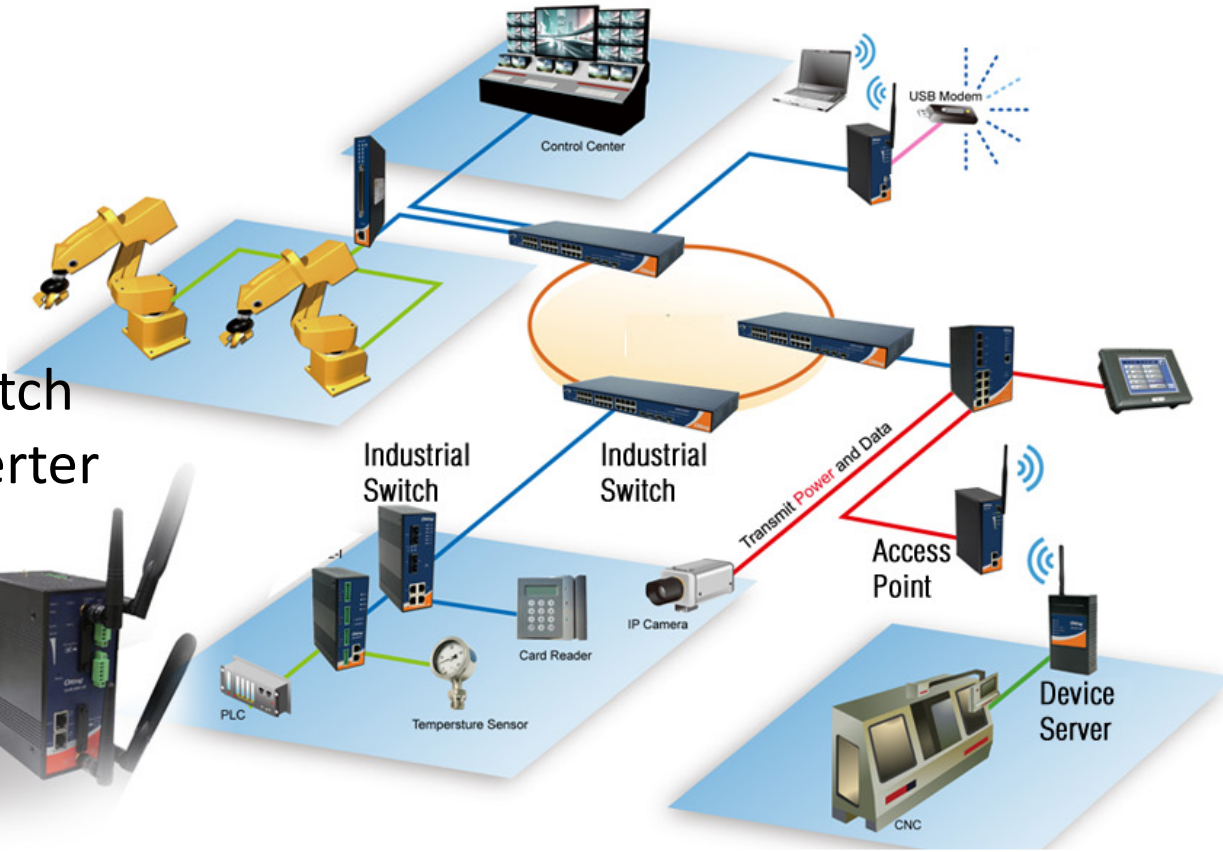
Industrial HF RFID



HF RFID readers are ideal for tracking products on a conveyor belt, allow operation and data write during manufacturing process.

Industrial Communication

- Device Server
- Enterprise Router
- Industrial Access Point
- Industrial Ethernet Switch
- Industrial Media Converter



Remote I/O Connectivity

Remote I/O Module

- Providing Remote I/O Connectivity with RS-485 and Ethernet

Wireless IoT Ethernet I/O Module

- Providing IoT Wireless Smart Devices from I/O to Sensor

Industrial Tablet PC / PDA

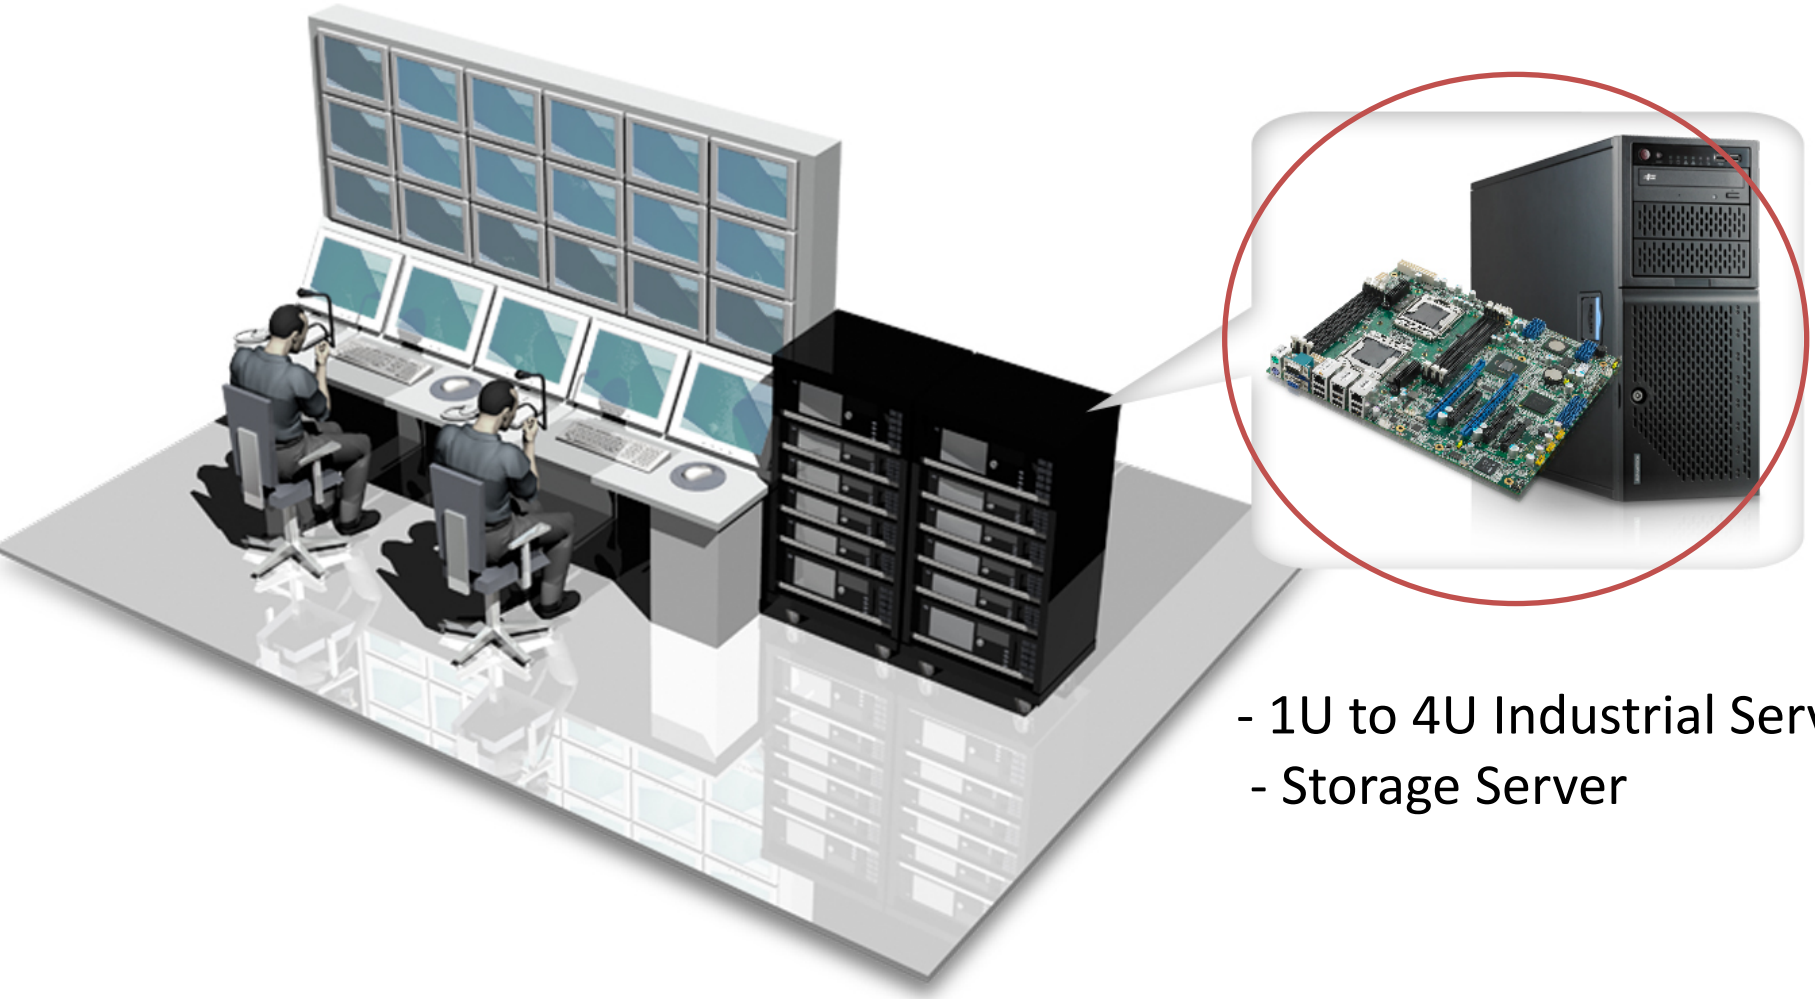
for Warehouse Management

7” ~ 10” Windows/ Android Tablet PC
with Barcode Reader, HF RFID Reader

4.3” Android PDA with
Barcode Reader, HF RFID Reader

Server Grade Industrial PC

for Central Monitoring



- 1U to 4U Industrial Server
- Storage Server

Delivery

Vehicle
Panel PC

Industrial Panel PC
designed for
forklift application
